

# We do **Challenging** **Jobs**

*Valplast Technologies Pvt. Ltd.* (Formerly Renesco India Pvt. Ltd.) is having expertise in speciality services for water tightness of underground structures against pressurized and non-pressurized water, as well as injection/grouting works. Main areas of application include large-scale projects in tunnelling and infrastructure, as well as in the hydraulic structures. Valplast Technologies Pvt. Ltd. has become a prominent name in India in tunnel waterproofing, geomembrane application and Injection/Pre-Injection grouting work. Recently we could successfully stop heavy water ingress of 6500 Lit/Min in HRT/Adit Plug area.
